

Dear Doctors:

On behalf of the SUNY College of Optometry, I am pleased to invite you to the 7th annual Envision New York meeting. Over the past six years, the Envision program has emerged as one of the Northeast's premier optometric conferences and as the centerpiece of our continuing education calendar. Envision New York represents the College's ongoing commitment to providing you with the highest quality of professional education and to enhancing the quality of care we deliver to our patients.

Mr. Matthew Platarote, our Director of Continuing Professional Education, has developed an exceptional program for you this year featuring some of our finest faculty and clinicians, along with several prominent invited lecturers. SUNY's Envision New York program enables optometrists from all over the northeast to not only acquire new knowledge and skills, but to share ideas and experiences with colleagues and to reacquaint themselves with old friends.

Our evening dinner cruise has been so successful that we have again chartered a yacht for your enjoyment on Sunday evening. We hope you will bring the entire family to New York to experience all the city has to offer and to join the cruise around lower Manhattan and over to the Statue of Liberty.

I would like to especially thank all of our sponsors for their generous support of Envision New York and encourage you to visit with them in our exhibit hall.

As many of you know from years past, this program has been over subscribed, so I would encourage you to sign up early. I am looking forward to welcoming each of you to Envision New York and to sharing with you all that is new at the SUNY College of Optometry

David A. Heath, O.D., Ed.M.
President
