

GLAUCOMA INSTITUTE

at the SUNY, State College of Optometry

Traditional continuing education requires that you sit in a classroom and listen to a lecture. Why not spend your time at our *Glaucoma Institute* and earn your CE credit while seeing patients? You are an optometrist — that's what you do!!

SUNY has developed an innovative program that is designed to give optometrists a high quality academic and educational experience in the diagnosis and treatment of glaucoma through a friendly clinical grand rounds environment. As a visiting clinician, you will have the opportunity to participate in the assessment, diagnosis, and care of a variety of glaucoma and ocular hypertensive patients. Practitioners who enroll will spend two full days at SUNY-Optometry.

Program highlights include:

- 25 hours of approved TPA continuing education credit for CT, NJ, and NY
- ***Bonus for NY O.D.'s:***
All hours can be applied toward Phase II glaucoma certification requirements
- Intensive clinical grand rounds Two (2) day program in Glaucoma at SUNY:
Monday's & Tuesday's (9:00 am - 7:30 pm)
Available all year round with a few exceptions
- Maximum of only 3 optometrists enrolled per week to enhance learning
- Video slit lamps in most exam rooms
- Train under highly qualified SUNY faculty members including:
Mitchell W. Dul, O.D., M.S., F.A.A.O., Director, Glaucoma Institute
Richard J. Madonna, O.D., M.A., F.A.A.O., Chief, Ocular Disease Service
- Educational materials distributed to all participants

Tuition for the 25 hour (2 day) program is \$600 — discounts are available if you register for multiple weeks. For more information or to register please contact Mr. Matthew Platarote, Director of Continuing Professional Education, at **212-938-5830**.

NOTE: If you would like to refer a patient to the SUNY-Optometry *Glaucoma Institute* please contact Ms. Denise Schliefer, Clinic Manager, Glaucoma Institute at 800-887-7543.
