**SUNY's "Friday Program": A Unique Feature of SUNY Residency**

Unique to SUNY residency programs is the "Friday Program," or didactic program that includes various topical presentations, workshops and grand rounds. Residents from all programs, including affiliate and SUNY-salaried, participate in this program. These programs are usually scheduled on Fridays, but may be scheduled on other days of the week depending on lecture schedule and lecturers' availability. (The time for the educational component may overlap, but can be in addition to, the normal work week hours.)
