

Geographical Distribution of 1st Year Entering OD Students

This bar chart shows the geographic distribution of first-year entering OD students at SUNY College of Optometry from 2016–2025 across four groups: New York State (blue), Out-of-State (red), Canada (yellow), and International (green). New York State students range from about 36 to 55, peaking at 55 in 2019. Out-of-State students range from 37 to 53, peaking at 53 in 2016. Canadian students remain low, ranging from 1 to 12, with a peak of 12 in 2024. International students are minimal, ranging from 0 to 3 across all years. New York State and Out-of-State students make up the majority each year, with relatively small contributions from Canada and International students.
